

ANNUAL APPEAL X MEET THE TEAM BEHIND IT ALL

John King

ATHLETICS MANAGER · HILL HOUSE INC.

WEEK 3 TOPIC: FLAG FOOTBALL & FALL ATHLETICS

"The progress I see players make every week, season, and year is the joy of a lifetime. There are players I've coached who went from nervous three-year-olds to better athletes than me at age 13 — in what feels like the blink of an eye."

- JOHN KING

Hill House
Annual Appeal**

For Coach John, Hill House's Athletics Manager, sports have always been about something bigger than the scoreboard. Every game, every season, every scrimmage is part of a story — and Coach John has spent his career at Hill House making sure every player gets to be the hero of theirs.

At the youngest levels, that means sparking imagination — not just kicking soccer balls, but becoming T-Rexes protecting eggs on the field. As players grow, the programs evolve alongside them, mirroring the professional leagues they watch and love, complete with real team names, standings, playoffs, and champions crowned each season.

That's what Hill House Athletics is built on — not just wins and losses, but the resilience, the joy, and the stories that last long after the final whistle. Coach John is proud to be part of those stories every single day, and your support through our Annual Appeal helps make sure every player gets to write one of their own.

A NOTE FROM JOHN
"When we all choose to care and invest, sports are rewarding for everyone regardless of the result. The disappointment players inevitably face is the most important part of every season's story — and I'm proud to be a part of those lessons every day."
